Sacramento, CA 95812-3044

P.O. Box 266
Foresthill, CA 95631

(Public Agency and Address)

☒ County Clerk, County of: Placer

Project Title: Foresthill Public Utility District Sierra View Lane Pipeline Replacement Project

Project Location - Specific: The existing pipeline will be replaced from 22888 Foresthill Road to 23990 Foresthill Road; and 23010 Foresthill Road to 6160 Sierra View Lane, approximately 1.1 miles.

Project Location - City: Foresthill area

Project Location - County: Placer

Description of Project: Potable water is provided to this area of Foresthill via a 6" welded steel water line installed circa 1952. The waterline has reached the end of its service life and must be replaced. The proposed replacement pipeline will be a single 10" diameter pipe located on the north and south side of Foresthill Road and along Sierra View Lane. Capacity of the replacement water line will be similar to existing facilities and provide adequate fire flow. Foresthill Public Utility District will implement Best Management Practices as part of the proposed project to minimize and avoid potential impacts on environmental resources.

Purpose: The purpose of the maintenance and replacement activities is to replace deteriorated facilities which provide water service and fire protection.

Name of Public Agency Approving Project: Foresthill Public Utility District

Name of Person or Agency Carrying Out Project: Henry N. White, General Manager

POSTED JUN 08 2022

Exempt Status: (check one)

☐ Ministerial (Sec. 21080(b)(1); 15268)

☐ Declared Emergency (Sec. 21080(b)(3); 15269(a));

☐ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));

☒ Categorical Exemption. State type and section number: Class 2, Section 15302 (c)

☐ Statutory Exemption. State code number: _____

Through _____
RYAN RONGO, COUNTY CLERK

By [Signature]
Deputy Clerk

Reasons why project is exempt: The project consists of the replacement of existing utility systems and/or facilities involving negligible or no expansion of capacity, where the new structure will be located in the same area as the structure replaced. (Guidelines Article 19, Section 15302) The pipeline replacement is necessary to maintain fire protection for the community and to protect the public health and safety
